

Klove is extremely important to me. It is a radio station that I feel safe letting my family listen too. Please do not take it off the air. Since it is listener supported, let us decide when it should be off the air. If there aren't enough supporters, KLOVE will have to go off and then you can have that signal. I need KLOVE. It gives me hope and keeps me positive. When all other news is bad, KLOVE gives me encouraging stories and music that reminds me of the good in the world. PLEASE, PLEASE let KLOVE stay on the air.
